(set Departure Dates)

UPCOMING GROUP SAFARI STARTING JANUARY 21, 2017

OVERVIEW

Small group safaris are a wonderful way to travel if you are planning to discover Tanzania as a solo traveller, to keep the costs down, or just to meet other like-minded travellers. Small group safaris aren't overly common in Tanzania as we generally create our custom trips to the requirements of our clients, however we have hand-picked a small selection of group trips for those who prefer to travel in a small group, want excellent wildlife viewing and good value for money.
